PROFESSIONAL SUMMARY

Co-Founder & Co-President of **START Warsaw**, Poland's fastest-growing student startup community, where I co-lead strategy, growth and recruiting - scaled it to **41** of Poland's strongest young builders and operators and nearly **six figures** in revenue within months. Founder of **flapp.studio**, an AI-native mobile app studio. CEMS Master in International Management double-degree candidate (SGH & NUS); previously an Operations Summer Analyst at **Goldman Sachs** and Innovation Analyst at Rebels Valley, working on the PZPN Innovation Hub.

WORK EXPERIENCE

START Warsaw — **Warsaw, Poland**
Co-Founder & Co-President — *February 2026 – Present*

- Co-lead strategy, growth and recruitment of Chapter #22 of the global START Network; grew it to **41** of Poland's strongest young builders and operators and nearly **six figures** in revenue within months.
- Served as Co-President and *Head of People* at the same time (April – September 2026): ran the full selection funnel - form, screening rubric, interviews, decisions - and reviewed **700+** applications from builders and operators across recruitment and hackathons.
- Co-organized hackathons and events with partners like *OpenAI*, *Bending Spoons* and *ElevenLabs*.
- Set out to make START Warsaw one of the most digitized student communities in the world - personally built the AI tools and workflows it runs on, incl. a *second brain* and jobs board tracking 129 Warsaw startups.

flapp.studio — **Warsaw, Poland**
Founder — *September 2026 – Present*

- Building an AI-native mobile app studio run by an automated pipeline of **16** AI skills and agents that find what to build from market signals, score ideas, then scope, build, QA, submit and localize each app.
- The model is to launch many apps, validate them with real user data and focus on the few with traction - using the power law of the app market. In parallel, I want to turn parts of the workflow into a SaaS.

Goldman Sachs — **Warsaw, Poland**
Operations Summer Analyst, GBM — *July 2026 – August 2026*

- Optimized operations workflows around financial regulations - mapped processes, interviewed the team about everyday pain points and found the sources of friction.
- Analyzed thousands of cases blocked by missing client data and proposed automation workflows and system fixes; received a **return offer**, declined to pursue high-ownership, entrepreneurial work.

Rebels Valley — **Warsaw, Poland**
Innovation Analyst — *June 2023 – June 2025*

- Supported a top European SportsTech accelerator at *Rebels Valley*, the only Polish hub on the *Financial Times* list of *Europe's Leading Start-up Hubs* three years running.
- Founding analyst on the *PZPN Innovation Hub* (Polish Football Association), one of the first sports federation–operated innovation hubs globally - managed startup pilots and market research as primary liaison for startup partners.
- Authored *What Happened in SportsTech?*, a monthly ~30-page report that won the *MamStartup Kreatorzy Award* for best analytical report in Poland, and created the *Weekly SportsTech Recap* newsletter (90+ editions).

SKN Zarządzania w Sporcie SGH **Warsaw, Poland**
President of the Board *May 2022 – May 2023*

Led Poland's largest student sports-business organization (120+ members), incl. *Dni Biznesu w Sporcie*, Poland's largest student-run sports business conference, and the *Sport Management Academy*.

INTERESTS

I'm very competitive and always push myself to grow, therefore sports have always been one of my biggest passions - I played in Poland's top U17 football league and finished my first marathon this year. I'm deeply interested in startups and AI, and in my free time I build apps and automations that solve my everyday problems.
